- *Technological Engineering
- *Occupational Safety and Health
- *Environmental Protection
- *Management and Entrepreneurship
- *Economics
- *Tourism

*Student Papers

When submitting the abstract/paper, please indicate the thematic session to which your paper belongs.

Instructions on papers/proceedings

The paper should be no longer than 8 A4 pages (please find herewith enclosed the Research Paper Template).

Abstracts and papers should be submitted electronically. There may not be more than three papers per author, nor more than four authors per paper.

All papers are subject to review. The accepted papers will be published in the Conference Proceedings after the conference, and their publication does not require presentation at the conference venue. The Conference Proceedings will be assigned an ISBN and provided with a CIP record by the National Library of the Republic of Serbia.

The official language of the conference is English.

The papers published in the Conference Proceedings will be classified in M 33 category – 'Proceedings from International Conference Printed in Their Entirety', and assigned the number of points as specified in the Regulations on Procedure, Evaluation and Quantitative Expression of Scientific Research Results, adopted by the Ministry of Education, Science and Technological Development of the Republic of Serbia.

Except in English, papers may be submitted and presented in some other world language, or one of the languages of the former Yugoslav republics. In that case, the authors should submit the abstract in English as well.

The Book of Abstracts in the English language will be electronically published before the conference begins.

Both oral and poster presentations of papers will be possible. If you opt for the poster presentation, please email us for precise instructions on the form of the poster.

Before submitting your abstract/paper, please name the file as follows:

Given name_Surname_Abstract or Given name_Surname_Paper

Important dates:

*15th June 2017	Abstract Submission
*25 th June 2017	Notification of Abstract Acceptance
*10 th August 2017	Full Paper Submission
*15 th September 2017	Notification of Paper Acceptance
*25 th September 2017	Registration Fee Payment
*30 th September 2017	Final Programme
*6 th -7 th October 2017	Conference Date

Registration fee:

Conference participants pay the registration fee in the amount of RSD 4,000.00 (or EUR 40.00 for international payments), VAT included. The fee includes: the Opening Reception and admission to all sessions in Drvengrad, Mećavnik, Book of Abstracts on CD, promotional material, conference programme, Certificate of Attendance, and refreshments during breaks.

The registration fee for business organisations wishing to present their products, technologies and services is RSD 10,000.00 (or EUR 100.00 for international payments), VAT included. It will be possible to promote scientific books, technical information, as well as to display promotional material.

The students of the Business and Technical College of Applied Sciences who present their papers are exempted from the registration fee payment.

Registration fee payment deadline: 25th September 2017.

For additional services (dinner and overnight stay with breakfast) the conference participants must pay RSD 6,000.00 per person (or EUR 60.00 for international payments), VAT included, into the organizer's account no later than 25th September 2017.

Conference organizer:

The international conference SED 2017 is organized by the Business and Technical College of Applied Sciences - Užice, and we have organized this scientific conference successfully over the past decade.

The Business and Technical College of Applied Sciences – Užice is a respectable, public education institution, which boasts a forty-two years' old tradition in higher education. We offer thirteen undergraduate and specialist study programmes:

- * Information Technology (Multimedia and Digital Television, and Information Systems)
- * Civil Engineering
- * Mechanical Engineering (Production Engineering, and Thermotechnics)
- * Environmental Engineering
- * Accountancy and Audit
- * Management and Entrepreneurship
- * Tourism

The accreditation of the following new undergraduate study programmes is underway:

* Technological Engineering (Environmental Engineering, and Food Engineering)

* Healthcare

* Interior Architecture
