***Abstract:** Dark tourism is a form of morbid tourism, that's widespread since the Middle Ages. This is a problem, because that's not enough explored and understood. Because, dark tourism is, actually, like as other forms of morbid tourism, a disease that requires treatment. The goal of this paper is, exactly, pointing on a problem that devastate, on a quite and strategic way, the traditional tourism. Results of this and all other research should be useful to everyone whose engage in development of tourism in destination and to tourists, the real and potential users of tourist services.*

***Keywords:** morbid tourism, dark tourism, problem*
