## Instructions for authors

A paper should be no longer than 8 A4-size pages (please find enclosed the Research Paper Template). Abstracts and papers must be submitted electronically. There may not be more than three papers per author, nor more than four authors per paper.

All papers are subject to peer review. The accepted papers will be published in the Conference Proceedings after the conference. The Conference Proceedings will be assigned an ISBN and provided with a CIP record by the National Library of the Republic of Serbia. The presentation of a conference paper is not a prerequisite for its publication.

The official language of the conference is English.

The papers published in the Conference Proceedings will be classified as M33 category - 'Proceedings from International Conference Printed in Their Entirety', and assigned the appropriate number of points, as specified in the Regulations on Procedure, Evaluation Methods and Quantitative Assessment of Scientific Research Results ('Official Gazette RS', no. 24/2006 and 21/2017).

Except in English, papers may be submitted and presented in some other world language, or one of the languages of the former Yugoslav republics, in which case abstracts must be submitted in English as well.

The Book of Abstracts in English will be published in the electronic format before the beginning of the conference.

We also encourage poster presentations from researchers and students. If you opt for the poster presentation, please email us for precise guidelines.

**Note:** It is authors' responsibility to ensure high quality translations of their papers.
